VOL. XI, NO. 4

PASADENA, CALIFORNIA

## Pastor general completes trip, meets Japanese prime minister

PASADENA - Pastor General Herbert W. Armstrong completed a four-week Asian tour, touching down at the Burbank, Calif., airport Feb 17

During the trip, which began Jan. 24, Mr. Armstrong met leaders and delivered Plain Truth lectures in Thailand, the Philippines, Hong Kong and Japan.

This article was compiled from two press releases issued by evangelist Ellis LaRavia, the Church's press secretary, and information from the Pastor General's Office in Pasadena. Additional coverage of Pastor General Herbert W. Armstrong's Asian trip will appear in the March 7 Worldwide News

A scheduled visit to the People's Republic of China was canceled because of severe weather there and activities scheduled for the Chinese New Year.

The pastor general received three decorations from government leaders during the trip. The first was the royal Thai decoration of "Commander of Our Most Noble Order of the Crown of Thailand," presented Feb. 3 by Maj. Gen. Pramarn Adireksarn, one of Thailand's five deputy prime ministers.

The decoration was presented on behalf of Thailand's King Bhumibol Adulyadej, with whom Mr. Armstrong later conferred.

After returning to the Philippines through Malaysia and Hong Kong, Mr. Armstrong was pre-sented the Presidential Merit of Award by Philippines President Ferdinand Marcos Feb. 9.

Mr. Armstrong had visited the Philippines on the first leg of his trip, conferring with government officials and addressing a capacity audience of 2,800 Jan. 29.

During the Feb. 9 presentation. President Marcos expressed his apprectation for "Mr. Armstrong's zeal for world peace, not only in the Philippines, but throughout the world.

Mr. Armstrong boarded the G-II and flew on to Tokyo, Japan, Feb. 10. He had a meeting with Japanese Prime Minister Yasuhiro Nakasone Feb 15

Mr. Nakasone is the seventh Japanese prime minister Mr. Armstrong has visited. During the meeting, the pastor general presented a gift of Steuben crystal, and the pair discussed labor and trade problems

facing the United States and Japan As the discussion ended, the prime minister autographed the cover of the March *Plain Truth*,

which features Mr. Nakasone. The next day, Mr. Armstrong renewed his friendship with Prince Mikasa of Japan. Mr. Armstrong had previously been decorated with the "Order of the Sacred Treasure," one of the highest decorations that a non-Japanese citizen can receive.

Mr. Armstrong was honored again by the prince with a plaque making him an honorary life member of the Tokyo Middle Eastern Culture Center

visit to that country. PASADENA — Ambassador Television Studios completed a A program was written, showing Mr. Armstrong's role as an ambassmall but significant first for the sador for world peace. Scenes were Work - a program produced in the selected from his meetings with world leaders. The script was recorded in English by Art Gilmore, longtime announcer of the World

Tomorrow program. The script was then translated into the Thai language by Salwat Yinguad, a friend and associate of Ambassador College, and Chogait Elmore, a Pasadena Ambassador College freshman, from Thailand.

Mr. Yinguad then recorded a

Thai version of the script. Audio engineer Al Killebrew faced some sual problems in editing the Thai version.

FEB. 21, 1983

It was discovered that about 20 percent more time was generally needed for the Thai translation. There were a few exceptions, in which the Thai language needed about 20 percent less space. This made it difficult to fit the soundtrack to the film.

But after several hours of careful editing, everything went together, and the Work's first Thai production was sent to Bangkok in time for Mr. Armstrong's visit.

The opportunity was obtained to air a 10-minute promotional film on Channel 5, Bangkok, Thailand, to coincide with Pastor General Herbert W. Armstrong's

### Treasurer gives report

By Leroy Neff About one year ago, I wrote an article giving worldwide financial information for the Work during 1981. This was the first time such information was combined and submitted to the Church. Another year has passed, and we now have reports from all of our international offices for 1982. This information has been combined and is given here again in summary form for your review.

Leroy Neff is treasurer of the Worldwide Church of God.

During this past year, I have reported monthly to the ministry in the Pastor General's Report on U.S. finances. I am sure that some of this information has been passed on to you. In addition, many of our international offices have reported both there and in The Worldwide News.

The United States represents more than 76 percent of the totals in the accompanying Worldwide Receipts and Expenditures Report. Therefore, it is appropriate to make some comments about the 1982 finances in the United States

This has been a trying year because we did not receive as much income as we budgeted for. Early in the year we were heading toward depleting all of our cash reserves and going in the red.

Prior to 1979, we routinely borrowed about \$1 million twice each year and paid it back from Holy Day offerings. We do not wish to do that now. Being on a cash rather than a credit basis is better for corporations or individuals.

Because there was lower income than we planned for, it became nec

essary to cut expenses. And, in the middle of the year we had to delete all the "variances" or budget funds, which had not been spent to that point. This may not seem like a drastic measure, but it was, as some departments can well attest.

In spite of all our efforts, we still spent a little bit more than we received, but this small amount was covered by bank reserves. Hopefulwe have a little better handle on things for 1983 and will be able to recover this small loss to cash reserves. The new budget is more stringent than last year, and we will watch things more carefully, espe-cially at the beginning of the year.

I hope my report does not sound too negative, because we did have a very fine income year, considering the United States economic situation; and much was accomplished.

As you know, we were able to expand considerably in radio and television and to publish much more than the previous year. We were also able to pay all of our bills, give a cost-of-living increase to most employees and contribute several million dollars to our international offices

We had a very good December with 20 percent more income than last year. This brought up the year's percentage figure to 11.4 percent nore than 1981. The income figures break down as follows: 11.9 percent more in general contributions, 14.3 percent more in Festival contributions (tithe of the tithe and excess second tithe), 9.9 percent more in church assistance (third tithe), 0.3 percent more for the building fund and 9.7 percent more in Holy Day offerings. In 1982 we had a significant

### **Church well-known in French areas** Work delivers 'strong witness

PASADENA - After nearly a quarter century of broadcasting and publishing God's truth in the French language, the Work of God has delivered "a very strong wit-ness" to French-speaking peoples, according to evangelist Dibar Apartian, French regional director.

"By no means am I saying the Work in French-speaking areas is over,

Mr. Apartian said in a Feb. 14 inter-view with The Worldwide News here. "But the French World Tomorrow broadcast [Le Monde a Venir] has not been off the air since its beginnings in 1960, nor have we stopped distribut-ing French-language Plain Truths [La Pure Verite] since the first issue in 1963."

"The people in France alone have

had ample opportunity to hear the truth," he said, noting that one popular French-language movie produced in the 1970s included the dia-"I can't sleep early in the logue: morning, so I listen to Dibar Apar-tian on Le Monde a Venir."

DIBAR APARTIAN "This shows the kind of coverage we are having," Mr. Apartian continued.

"France is the descendant of Jacob's son Reuben," he said. "And Reuben lost his birthright, even though he was the firstborn [Genesis 49:3-4]. But even after losing the birthright, for many years Reuben's descendants were among the chief (See WITNESS, page 6)

Department in Pasadena. The program was the first in the Thai language

### Missile campaign: key to Europe's future

PASADENA - Ten years ago former United States secretary of state, Henry Kissinger, proclaimed 1973 to be the Year of Europe. His plans to revitalize the NATO alliance, however, collapsed in Western disarray over the Yom Kippur War and the Arab oil embargo.

Now, however, 10 years later, it appears that 1983 may well be the real Year of Europe. For it is in this year that NATO must finally decide whether to carry out a three-yearold decision to deploy a new genera-tion of intermediate-range missiles in Europe, a question that is vital to the future of the Continent and the balance of power of the whole world.

#### Missile campaign

The center of attention is focused on West Germany, the geopolitical ly pivotal nation referred to as "the

hinge of the Western alliance." Since mid-January the Federal Republic has been the scene of an extraordinary amount of East-West political sparring. The reason? The March 6 West German national elections. Never, in recent memory, have other powers tried so hard to influence the outcome of one nation's balloting. West Germans have taken to calling it the Raketen wahlkampf --- missile election campaign.

First, on Jan. 16, Soviet Foreign Minister Andrei Gromyko came to Bonn

Mr. Gromyko's principal aim was to weaken Bonn's commitment to accept the Pershing 2 missiles slated for deployment on West German soil, beginning at the end of this year. All 108 Pershings are to go into West Germany, with the 464

Just one more thing

Overcoming anxiety, fear

land-based cruise missiles sched-uled for at least four other NATO countries besides West Germany. The Soviets are concerned most of all about the Pershing 2, a missile

with a powerful nuclear warhead that could reach Soviet targets in seven to eight minutes from launch time. (The slower, ground-hugging 500-mile-an-hour cruise missiles ould take up to two hours.)

Mr. Gromyko blandly denied that Moscow had any favorites in the March 6 election, but it was clear to all that the Kremlin has already "cast its vote" for Social Democratic candidate Hans Jochen Vogel. The SPD candidate is running in place of former chancellor, Helmut Schmidt. If in office, the Social Democrats would be under extreme pressure from their left wing to rescind the 1979 missile decision - which, ironically was

don't know how to obey God's com-mand. How can I stop?"

Again, we're dealing with unnecessary fears. We should have a respect or dread of danger. To walk off the top of a 10-story building is not fearlessness; it's foolishness.

And, of course, we must maintain a reverential awe (or fear) of God. The kind of fear God commands us to overcome is the inner tension that comes to tear us apart emotion ally, physically and spiritually

Three things are essential in coping with this fear. First: Realize fear is not part of God's plan for us. We are told emphatically to "fear not." Like-

Since fear is not part of God's

plan, we are to do something about it. We can't escape it by taking a daily dose of tranquilizers or by drinking ourselves to sleep. We can't defeat our fears by trying to get away from it all on a trip some-where. Deliverance from fears begins with a correct mental atti-

our problems alone. It makes no difference how severe our problems become, we are not alone. God does not jump out of the boat and leave us to paddle our own canoe when the going gets rough. God is with us even when our personal safety is threatened.

The apostle Paul gives us strong yet encouraging words in Hebrews 13:5,6: "Let your conduct be with-out covetousness, and be content with such things as you have. For He Himself has said, 'I will never leave you nor forsake you.' So we may boldly say: 'The Lord is my helper; *I* will not fear. What can man do to me?

Third: Practice and remember "perfect love casts out fear." Let's contrast love and fear. Love looks for opportunities to give; it asks, "What can I do for another?"

Fear keeps a wary eye on the pos-sible consequences of getting involved in others' problems and asks: "What will he want from me?" Love thinks no evil; fear thinks of little else. Love believes all things: fear is highly suspicious.

Love is so busy doing today's tasks that it has no time to worry about tomorrow. Because fear focuses on tomorrow, it fails to undertake responsibilities. Just one more thing. The last refer-

ence to fear in the Bible (Revelation 21:7,8) may have special significance as it is a last word on the subject. "He that overcometh shall inherit all things; and I will be his God, and he shall be my son. But *the fearful*, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death" (King James Version).

the brainchild, not of the United

ance the threat and bind European and American defense ties even

Mr. Mitterrand's frank address

The following week French Pres-ident Francois Mitterrand came to town. In a surprisingly frank address to the Bundestag (lower

house of West German parliament), Mr. Mitterrand warned the mem-

bers of what he perceived as a dan-gerous drift toward neutralism in West Germany and a softening of

that nation's commitment to the nuclear defense of Europe.

France's own independent deter-rent nuclear force would cease to be credible if NATO fell apart and the

United States withdrew its nuclear

closer together.

Mr. Schmidt, worried over the Mr. Schmidt, worried over the growth of Soviet missiles targeted on Western Europe, proposed the stationing of new U.S.-made and controlled intermediate-range mis-siles in Western Europe to both bal-

States, but of Chancellor Schmidt

Thus the French leader warned the Germans of the grave danger of splitting off ("decoupling") the United States from its European allies — a distinct possibility if the new weapons are not accepted on the Continent.

protection of Europe.

Monday, Feb. 21, 1983

#### Mr. Bush campaigns too

On the heels of Mr. Mitterrand's departure arrived Vice President George Bush of the United States. Mr. Bush encouraged the Germans to hold firm to the original NATO

"twin track" decision — new mis-siles unless the U.S.-Soviet negotiations over the Euromissiles situation

succeed in Geneva. He also pushed hard for President Reagan's "zero-option" offer. (Mr. Reagan has offered to withhold the new missiles if the Soviets dismantle all their intermediate-range weapons.)

Mr. Bush's "vote," as that of Mr. Mitterrand, was cast for the conservative Christian Democrats led by Chancellor Helmut Kohl. The CDU leaders publicly profess fidelity to the U.S. position, but inwardly are said to doubt whether President

### Letters to the editor

Single parents I have just finished reading the articles in the Jan. 10 Worldwide News pertaining to single parenthood. As a single parent of two children I am

compelled to thank God and you for the competed to trank God and you for the uplifting and inspiring articles. I must say thank you, too, for reminding the brethren that to visit the fatherless and widows in their affliction is pure religion and undefiled before our God. Debra Owens

Oklahoma	City,	Okla.

\* \* \*

It is quite hard to watch a single parent struggling, especially with disciplining their children alone — this seems to be a big problem - and not know what to say.

to do or what advice to give ... It was such a thrill to see those articles appear in *The Worldwide News* that we both read them all right away. The articles . . . gave even us married couples in God's Church more understanding of

in God's Church more understanding of single parent situations as well as how we can step out and help support them. Thanks again for guiding us and help-ing us to better understand the principle of visiting the fatherless. Name withheld

\* \* \*

I have just finished reading every one of the nine articles in the latest World-wide News of Jan. 10 on the subject of wide News of Jan. 10 on the subject of single parenting. Your focusing in on this very important matter is, to me, another of the many proofs that God's Church is on track. The energy and time expended in pro-ducing these quality articles will encour-ne inclue compute parent the world in the world in

age single parents around the world in God's Church to persevere in accom-plishing the very difficult task that they

The support of family and loved ones is crucial in helping one to cope in times of stress. How blessed is each and every member in God's Church to have worldwide family for support. I speak from experience as I was a single parent in God's Church for four years. Lorraine Welsh

Calgary, Alta.

As a single parent with three children I know from experience what a blessing it is to have brethren in God's Church who are concerned and really care about you and your children. Sometimes the you and your children. Sometimes the responsibilities seem overwhelming, and the problems insurmountable, but with God's help and the support of caring brethren life is made much better. At times my heart sings for joy as described in Job 29:13. I would like to thank all the brethren

who give of themselves to take care of the widows and orphans in God's Church. Catherine Woomer Vernon, Fla.

### \* \* \*

I am very thankful that I was able to be at home with my children while they were still young. However, now that I must work to support us, I find my three teenagers to be a great blessing — very loyal to our family, supportive and help-ful

I keep remembering something that Mr. Bob Spence [St. Louis, Mo., pastor] said this past Feast while admonishing us to count our blessings: "The greatest blessing of all is whatever we need to go

blessing of all is whatever we need to go through to develop our character so that God can give us His Kingdom." It never ceases to amaze me — the miraculous way God intervenes contin-uously in our daily lives and how marvelously He provides encouragement, nourichm ent and/or correction just when we need it.

Pat McPherson Medora, Ill.

Even the copilot's seat was occupied by a tall male Australian aborigine. We were flying in a blinding thunderstorm. Our seat belts were fastened but not pulled tightly as the plane forged on through the storm. Then it happened - the plane hit a God. series of air pockets. We dropped several feet! We all were up off our

seats by at least 6 inches. Immediately we pulled our seat belts tighter. My knuckles turned

My family and I were flying up

the east coast of Australia from Port Macquarie to Coolangatta in a Cess-

na Titan. All 12 seats were filled

beits tignier. My knucktes turned pale as I squeezed the seat in front of me holding on for dear life. Looking over at my wife, I saw that she had turned an unusual shade of off-white. I realized at that point my stomach had found a new place to rest in my body — right next to my throat.

The young aborigine in the copilot's seat turned around with a halfhearted smile on his face. He rubbed the place on the top of his head that had just hit the plane's roof, and he said in descriptive Strine (Australian), "Uppendan eh mate" to our youngest son. Which means "to and fro; backwards and forwards." Boy, was he right!

The undulating motion of the air-craft didn't seem to bother the pilot, however, as he continued munching on his sandwich.

While that plane bobbed up and down like a cork on the end of a fishing line, I have to admit I experienced some real fear that that little aircraft might not make it back to earth in one piece.

I had just finished giving a sermon on the need for fervent prayer and at that point was really practicing what I had preached. Fear. Ever met this beast? I'm

rear, ever met this beast? I'm sure you have. It creeps into your mind by a dozen different doors. Fear of failure. Fear of heights. Fear of crowds. Fear of disease. Fear of rejection. Fear of unem-ployment. Fear of what others are saving about une form. are saying about you. Fear of moving to another area. Fear of moving to another area. Fear of depth or distance or death. Fear of being yourself. Fear of buying. Fear of selling. Fear of hunarial reversal. Fear of war. Fear of the dark. Fear of being alone.

The dictionary gives three differ-ent shades of meaning for fear:

(1) Fear is a feeling of anxiety and agitation caused by the presence or

nearness of danger, such as you might feel if approached by a dan-gerous animal. (2) Fear is a feeling of uneasy

concern. For example, when your teenager isn't in by curfew, you're afraid something has happened to him or her.

(3) Fear is also defined as a feeling of respectful awe . . . as toward

The fear most of us are familiar with, however, is the tense feeling that grips us when we are faced with the tough problems of life.

Have you ever felt your emotions were taut as a guitar string? I have Most of those fears can be traced back to a spiritual problem because the ultimate cause of that kind of fear is sin. Such fear does not originate with

God, "For God has not given us a spirit of fear, but of power and of love and of a sound mind" (II Timothy 1:7, Revised Authorized Ver-sion, unless noted). Since the fear referred to doesn't come from God, it must come from Satan. It's one of his best tools to make us ineffective in God's end-time Work.

Chronic fear wreaks havoc in our lives: "There is no fear in love; but perfect love casts out fear, because fear involves torment. But he who fears has not been made perfect in love" (1 John 4:18).

When fear is present, we suffer penalties. Fear produces physical, emotional and spiritual problems.

Fear can produce a persecution complex. I know some people who think everyone is out to get them. Every time they hear a siren they're sure the police are coming for one of the family, or an ambulance is carry-ing a family member to the hospital. That kind of fear can regularly recycle you through an emotional wring-

er Fear causes spiritual problems and paralyzes faith. As long as fear is allowed to persist, our effective-ness in Christian growth is limited if not nil. Faith will banish fear, or else fear will banish faith.

Some become so afraid that not only can they not trust God for the major spiritual things, they can't even trust Him for their daily bread

As Christians we know we're not supposed to be afraid, but our efforts to kick the habit are fruitless. We cry out: "Why can't I quit being afraid? I know I'm to 'fear not,' but I

### The WORLDWIDE NEWS

### Terrorism abating in France, brethren secure, says minister

PASADENA — In 1982 "France almost became a battle-ground for outside organizations," said Sam Kneller, pastor of the congregation in Paris, France, Feb. 11. Mr. Kneller, 37, was here for the Feb. 7 to 17 Ministerial Refreshing Program.

"Paris suffered 20 terrorist attacks during 1982, but things have calmed down considerably now," he said. "At the height of the terrorist action, we [the church] were offered an armed guard to protect services at our hall in Paris." The offer was turned down.

"In Bordeaux [France], services were even stopped for about 15 minutes once because of a bomb scare in the hotel there," he said.

"The terrorism created a certain amount of tension," Mr. Kneller continued. "During Mr. [Richard] Rice's [director of the Mail Process-ing Center] and Sam Lennon's [of the Data Processing Center] trip to Paris [in August, 1982], we were visiting the Louvre [art museum] and had to evacuate because of a bomb threat."

"You still see a lot of police," Mr. Kneller said. "President [Francois] Mitterrand has taken steps and come down very strongly against terrorism.

Mr. Kneller said the action had stemmed the rise in terrorist activities

Speaking of the Church there. Mr. Kneller said: "We actually have very few members living in Paris proper. The city of Paris has a very small middle class — most are either very rich or very poor."

Mr. Kneller and his wife Marilyn serve 220 brethren attending the Paris church. "Quite a few of the people who formerly attended the Paris congregation now attend ser-vices in Rouen and Angers, France," he said.

Mr. Kneller pointed out that the

Church's leased hall in Paris was "a major blessing," as rental costs are prohibitively high for meeting halls. The hall also houses Church

offices with employees Jeanne

n and Marie Claude Bodot handling incoming mail and accounting functions.

"Brethren here have to deal with "Brethren here have to deal with a variety of obstacles to observe the Sabbath," Mr. Kneller said. "French schools legally meet on Sabbath mornings, so the four schoolteachers [in the Paris church] and all of the children must obtain seein aerusies to the secured special permission to be excused. "This is often not a very pleasant

experience," he continued

Despite such obstacles, the Paris brethren remain strong. "One of the most impressive things about the Parisian members is that in spite of low incomes, they always give very high offerings," he said. "We also have to hold Bible stud-

ies on Sunday afternoons. This

(Cont ued from page 1) increase in the number of donors and co-workers. Considering the total income, the dollar increase (about \$2.5 million) was not large. but the percentage of increase w very good. Donors contributed 28.8 percent more, and co-workers con-tributed 16.6 percent more than in 1981. Members contributed 9.4 percent more, which is a very fine increase, considering the national

unemployment problem. We hope and pray that there will be substantially more in 1983 so that the Gospel can be preached over more and better stations at better times and in a greater number of magazines and booklets. The 1981 audit by Arthur

Andersen & Co. for the Church, college and foundation in the United States, which was received several months ago, was again "unqualified" including both "reve-

We are pleased to receive this professional opinion from such a well-known and established multi-national auditing firm. I am pleased to announce that this firm will provide a *combined worldwide audit* of the Work for 1982, in addition to the U.S. audit. They already are at work on this international project, which we hope will be completed before sum

because people living around Paris are more dependent on public transportation than in America, and crime on the Paris subway [Metro] is increasing."

Attendance at the Bible studies and public Bible lectures remains high despite the increasing crime rate

"Mr. [Dibar] Apartian [regional director of the Work in French-speaking areas] conducts the *Plain Truth* Bible lectures and I conduct the follow-up Bible studies," Mr. Kneller said. "If we want to draw a crowd, we

talk about [the 16th-century psy-chic] Nostradamus, or about the prophetic future of Europe," he continued. "People are very inter-ested in prophecy."

Mr. Apartian, who sat in on the Feb. 11 Worldwide News interview, added: "The French are very inter-ested in the truth, but they're not always interested in obeying it."

CANADIAN CHURCHES - Above map shows locations of Frenchspeaking churches in Canada. Montreal, Que., also has an Englishspeaking congregation. [Map by Ron Grove]

### Work prospers in French isles

By Jeff Zhorne PASADENA — Church mem-bers in Fort-de-France, Martinique, are constructing their own meeting hall, said pastor Gilbert Carbonnel.

GILBERT CARBONNEL Meeting halls, in general, are not available to rent

Mr. Carbonnel and Erick Dubois stor of the Basse-Terre and Pointe a-Pitre, Guadeloupe, churches, at-

tended the Ministerial Refreshing Program in Pasadena Feb. 7 through 17 According to Mr. Carbonnel, this

is not the first building constructed by Caribbean brethren. In 1964 some 75 members of the Fort-de-France church pooled resources and sweat - to construct a meeting hall

Three years later Pastor General Herbert W. Armstrong inaugurated the building during a visit to Martinique with evangelist Dibar Apartian. French regional director, said Mr. Carbonnel.

Now, almost 20 years later, they have outgrown that first building. About two years ago, after putting aside funds, some of the 300 who attend the Fort-de-France church purchased land and started hammer-

"Construction should be com "Construction should be com-pleted by Pentecost," said Mr. Car-bonnel. "The work has helped unite the brethren." In Martinique, Mr. Carbonnel

plans to conduct public Bible studies in all 32 counties that comprise the island.

In neighboring Guadeloupe, Mr. Dubois pastors about 40 members, mostly farmers, who attend services in Basse-Terre, and 98, primarily white-collar workers, who attend the

ERICK DUBOIS Pointe-a-Pitre church.

On Sundays Mr. Dubois conducts Bible studies, which are received more favorably than individual visits, (See ISLES, page 6)

\*NOTES
 1. A single set of averaged foreign exchange rates has been used in the translation of local currencies into U.S. dollars for both years for comparison purposes. Since the averaged foreign exchange rates in relation to the dollar were different a year ago, there are slight differences in the 1981 figures in this year's report with the 1981 figures in last year's report.

 2. The comparative worldwide income and expenditures include Amoassador College (Pasadena and Big Sandy) income and expenditures, and grants to the Ambassador International Cultural

Foundation

PUTTING THE LEAVEN OUT - Working together as a family to clean out leavened products before the Days of Unleavened Bread fulfills both the command in Exodus 13:7 and also teaches children the meaning of God's Holy Days (Deuteronomy 6:7). [Photo by G.A. Belluche Jr.]

### Prepare early to avoid hit-and-miss Holy Days

### **By Sandi Borax**

Those who invite others to their omes on the Night to Be Much Remembered have the special bless ing of giving their time and homes that fellow members can enjoy the meaning of the evening: rejoicing. When the evening arrives you and

your guests will enjoy it to the full-est if it is well-planned.

### Craig Marley of Kitchener, Ont., contributed to this article.

Take a hypothetical example of the Smith family. The Smiths have been members for several years, but had always been invited out for the evening. This year they wanted to organize the occasion themselves. Mr. and Mrs. Smith decided to

invite a couple and their three children, who were new to the area, an elderly woman, and two bachelors. With the Smiths' two children, this made 12

From the start, Mrs. Smith involved the guests in preparations, inquiring about special dietary needs before planning the menu. Then she chose the main dishes she wanted to serve. She followed the example of the hostess last year who asked the guests to contribute to the meal so that they felt a part of the occasion. This also eased her work load.

Mrs. Smith prepared a main dish, vegetables and hors d'oeuvres, and asked guests to bring homemade unleavened bread, another main dish, salads, desserts and drinks. She made sure they knew exactly how much to bring and that they could afford and liked the item they

were to bring. To make the evening more special, with the help of her children, she made placecards and menus the week before, and arranged for fresh flowers for the table. The guests could take the placecards and dinner menus home with them after the meal. Borrowed chairs, dishes and a table were arranged to accommo date the guests in the Smiths' living

room. Mr. Smith arranged for transportation for the guests and they arrived one-half hour before the meal. Each woman was given a flow-er by Mr. Smith. The women helped Mrs. Smith set out the food and finish last minute details, and Mr

Smith poured drinks.

After the blessing on the meal, Mr. and Mrs. Smith directed the conversation toward the meaning of the evening and involved all present. The whole dinner went smoothly

and, after dessert and more fellow-ship, the evening wrapped up so everyone had time to get rested before services the next day. The new family got to know more of the brethren, the bachelors were treated to a home-cooked meal and the familv atmosphere was a relaxing way to begin the Holy Days. Mr. and Mrs. Smith set good

examples in many ways. They invited a group of people that would not have been able to entertain in their homes, rather than those who could have served by using their homes. They involved their guests in the preparations so that they were a part of the success of the evening.

Maybe most important, they kept their minds on the guests once they arrived. They had done all that was possible to do ahead of time: now they devoted their attention to putting their guests at ease and helping them get to know each other.

Had Mrs. Smith not prepared in advance, she would have worried about hors d'oeuvres that weren't yet made, how to fit everyone around their only table and whether Mr. Jones the bachelor knew he was bringing Chicken Kiev — or even knew what Chicken Kiev was!

Instead of being a hit-and-miss affair, early planning and attention to giving the guests a good time made the evening truly a Night to Be Much Remembered.

### **Q&A: unleavened bread**

each day

The following was approved by Pastor General Herbert W. Armstrong for the April 2, 1982, Pastor General's Report.

Exodus 13:7 states that unleavened bread shall be eaten for seven days. Does this mean that we must eat unleavened bread on each day of this Feast?

It is not required to eat unleav-

### The WORLDWIDE NEWS

### **Physical effects mirror spiritual**

Leavening, a spiritual process

By Sidney and Mary Hegvold PASADENA — Like so many questions concerning the "Old Testament Feasts" the answer to the questions, "Why unleavened bread?" and "What is leavening?", can only be found in the New Testament

Sidney Hegvold, a preaching elder in the Pasadena Audito-rium P.M. church is an asso-ciate professor of physical science at Ambassador College. His wife Mary is chairman of the Home Economics Depart ment

The Worldwide News suggests saving the articles about unleavened bread for future reference.

"Therefore let us keep the feast, not with old leaven, nor with the leaven of malice and wickedness. but with the unleavened bread of sincerity and truth" (I Corinthians 5:8, Revised Authorized Version unless noted).

The feast Paul is referring to has to be the Feast of Unleavened Bread, because he told them in verse 7 that, "you truly are unleavened." From the context of this chapter, they were anything but unleavened spiritually. He could only be refer-ring to the Feast of Unleavened Bread.

That Christians should keep the Feast of Unleavened Bread is quite clear. But why? And just what is leavening in the context of the Feast?

The Feast of Unleavened Bread is a feast that was commanded for the house of Israel at the time of the Exodus from Egypt.

The meaning according to Old Testament Scriptures is summed up in Deuteronomy 16:3 "Seven days you shall eat unleavened bread with it, that is, the bread of affliction (for you came out of the land of Egypt in haste), that you may remember the day in which you came out of the land of Egypt all the days of your life.'

The Feast is simply a reminder of their hasty departure from the land of Egypt, the land of bondage. Unle ned bread is used only as a reminder that they had to flee in haste.

Nothing more can be learned directly from the Old Testament. It is only in the New Testament that the true spiritual meaning of the Feast can be found.

### Leavening process

Leavening is the name given to the process of introducing gas into baked products to puff them up and make them lighter. The three pri-mary leavening agents are air, steam and carbon dioxide.

When water changes state from a liquid to a gas (steam), its volume increases more than 1,500 times. A swelling action takes place. This action will take place whenever a liquid is used in a product to be baked if the baking process involves temperatures around 212 degrees

ened bread for seven days. This

instruction means that whenever bread is eaten during this Festival it

is to be unleavened. It does not mean

unleavened bread must be eaten

Mr. Armstrong wants us all teaching and preaching the same thing, as God has instructed us in

His Word. Please take note of this answer so that there is *peace* and

harmony in all churches on this

often-asked question.

Fahrenheit (100 degrees Celsius) or more, which is always the case. This process is obviously involved even when other leavening agents are used

The next process of leavening is that of the mechanical introduction of air into the product by beating or by the introduction of beaten products, such as beaten egg whites. Swelling because of the presence of air will always take place, even

without beating, because air in the mixture will expand as the tempera-

ture rises in the baking process. The third process is that of the actual generation of carbon dioxide by some of the ingredients them-selves. There are two kinds of such ingredients: chemical and biolog-

Baking soda and baking powder are the ingredients used for the chemical leavening process. There are different kinds and brands of these, but the process of carbon dioxide generation is the same in all cases. Only the sodium reactions will be discussed. Yeast is the ingredient that

causes the biological generation of carbon dioxide. Carbon dioxide is the biproduct of the growth of yeast microorganisms. The yeast changes sugars to carbon dioxide gas and forms alcohol, which is driven off by the heat of baking.

That, briefly, is what the leavening processes are. Clearly the leav-ened bread mentioned in the Old Testament meant bread leavened with yeast. There is no indication they were using any chemical leavening agents at that time.

The leavening effects of air or steam are certainly not included. The New Testament has to be con-sulted to understand how to evaluate the chemical and biological leavening agents.

#### Spiritual leaven

Leavening associated with the Feast of Unleavened Bread is a pro-cess that Paul compares to sin. Like sin, it spreads. "A little leaven leavens the whole

lump" (Galatians 5:9). It is a process that works within the body. "Your glorying is not good. Do

you not know that a little leaven leavens the whole lump " (I Corinthians 5:6).

Paul was warning the Corinthian church about the danger of one fornicator infecting the whole church if allowed to continue fellowshipping with them.

Leaven is all pervasive like sin. "For the good that I would I do not: but the evil which I would not, that I do. Now if I do what I would not, it is no more I that do it, but sin that dwelleth in me. I then find a law that, when I would do good, evil is present with me. For I delight in the law of God after the inward man but I see another law in my members, warring against the law of my mind, and bringing into captivity to the law of sin which is in my mem-bers" (Romans 7:19-23, King (Romans 7:19-23, King James Version).

Clearly the process of leavening as it relates to the Feast of Unleav-ened Bread is that of the third group; leavening by the generation of carbon dioxide in the baked prod-uct itself. Products leavened by yeast or baking soda are the prod-ucts that need to be avoided.

#### Leavening agents

Active yeast, baking powder and baking soda, as well as those products leavened with any of these agents, should be put out. Brewers yeast and yeast extract are not active and are not leavening agents. Beer is not leavened even though

active yeast is used in its production. Just those products in which the leavening agent has produced the

carbon dioxide swelling within the product itself must be put out. Pinpointing the actual chemical

leavening agent is somewhat of a problem. The actual leavening reac-tion, that is, that of the generation of carbon dioxide, is a decomposition reaction. Sodium bicarbonate (bak-ing soda) decomposes to form carbon dioxide (the leavening gas), sodium carbonate and water. In chemical notation

2NaHCO3 - CO2 + Na2CO3 + H2O

Soda - Carbon Dioxide + Sodium Carbonate + Water This is the basic reaction. Other

bicarbonates such as potassium bicarbonate or ammonium bicar-bonate may be used instead of sodium bicarbonate, but the reaction is the same. This is *the* leavening reaction. This is *the* reaction that produces the leavening gas, carbon dioxide  $(CO_2)$ . Undesirable effects of the sodium

carbonate are eliminated by the introduction of an acid into the reaction. When baking soda is used the acid is generally introduced in the form of sour milk or buttermilk. The acidic ingredient is combined with the sodium bicarbonate in

commercial baking powders. An acidic substance, potassium hydrogen tartrate (cream of tartar), in conjunction with other ingre-dients, such as phosphates for controlling the reaction rate, are generally used with the bicarbonate of soda in commercial baking powders

Starch or flour is also added as a drying agent to prevent the reaction from taking place prematurely. But none of these acids or additives is the source of the leavening gas. The bicarbonate of soda (or potassium or ammonium) is the source of the carbon dioxide.

The chemical reaction is quite complex, but in simplified form it can be represented by the equation: (x = acid anion)

 $HX + NaHCO_3 \rightarrow CO_2 + NaX + H_2O_2$ 

acid + soda 🛶 carbon dioxide salt + water

Cream of tartar is not a leavening agent. It is no more responsible for leavening than is sour milk or but-termilk.

Neither brewers yeast nor yeast extract is a leavening agent. And beer is not a leavened product.

#### Is leavening always bad?

Since leavening and leavened products represent sin, shouldn't they be avoided all the time? Not at all

Leavening and leavened products are used to represent putting sin out during the Feast of Unleavened Bread because of two striking simi-larities between the leavening process and sin.

First, as has been shown above, it is all pervasive, works from within and spreads throughout the whole body. Second, it also represents the

body. Second, it also represents the deceitful nature of sin. "Another parable he spoke to them: The kingdom of heaven is like leaven, which a woman took and hid in three measures of meal, till it was all leavened" (Matthew 13:33).

the leavening of God's Holy Spirit, which also works from within and spreads throughout the body.

Recognize sin and put it out dur-ing the entire year — every year. Recognize leavening and leavened products and put them out during the seven-day period of the Feast of Unleavened Bread. In so doing you can be unleavened

physically now and finally will be able to keep the Feast "with the unleavened bread of sincerity and truth

The WORLDWIDE NEWS

# EDITORS' CHOICE: RECIPES

The Worldwide News brings you an editors' choice of unlea ened bread recipes this year as a service to readers who may have a hard time finding leavenless instructions in their own cookbooks.

#### ALL-BRAN FRUIT LOAF

1c. All-Bran cereal; 1c. brown sugar, packed; 1 c. raisins; 1 c. milk; 1 c. flour. Steep bran, sugar, raisins and milk for 5 to 6 hrs., or overnight. Add flour, mix well. Put into loaf tin lined with buttered grease-proof paper. Bake ½ hr. at 350° and another ½ hr. at 325°.

#### FLAT BREAD

2 c. flour (1 c. whole wheat and 1 c. unbleached white); ½ t. salt; ¼ c.

ening. Combine commeal, flour, sugar and salt, and mix. Add remaining ingre dients; stir until moist. Pour into muffin pan. Bake at 425° for 20 to 25 min.

### LAVOSH

8 c. sifted whole-wheat flour; 3 eggs; ¼ c. butter; 1½ T. salt; 2½ t. sugar: 2 c. milk: sesame seeds. hulled; poppy seeds. Work all ingre-dients except seeds into a firm dough. Let rest for ½ hr. Roll the dough out very thinly. Place it on an ungreased pan that has been liberally sprinkled with sesame seeds. Sprinkle poppy seeds on top. Bake for 15 min. in a 375° oven. It would be better if the first 5 min. of the baking period can be done in a steam oven. (At home try putting a pan of hot water in the oven for the first 5 min. Place it on the shelf below the bread. Be sure to remove it for the last 10 min. of baking.)

OATMEAL CRACKERS

1½ c. flour; 2 c. rolled oats; 2 T. sugar; 1 t. salt; ½ c. butter; ½ c. boil

ing water. Combine dry ingredients. In

a separate bowl cover butter with boil

ing water. Stir liquids into dry mixture and mix. Roll out very thin, cut like crackers.Bake5to 10min.at 350°.

APPLE-SAUCY SHORTBREAD 3 c. sifted flour: ¾ c. butter or mar-3 c. sifted flour; % c. butter or mar-garine; % c. sugar; % t. salt; 1 egg yolk; % c. applesauce; nutmeg; 1 c. chopped nuts. Blend ingredients. Put in 15%-by-10 in. ungreased pan. Prick dough with fork. Bake 15 min. at 350°,

then 25 min. at 300°. Cut while warm Top with apple sauce. Yield: 3 doz.

WHOLE-WHEAT CRISPS 1 lb. whole-wheat flour; 2 T. honey; 5 oz. peanut butter (made into a milk by

dissolving in about 1/2 pt. water.) Add

honey to pean the buffer. Stir the flour into the mixture and salt to taste. Make the dough stiff enough so it can be rolled. Roll very thin; prick with a fork;

HONEY GRAHAMS

<sup>k</sup> Ib. soft butter; 2 unbeaten eggs; ½ c. honey; 2 t. vanilla; ½ t. salt. Blend with wooden spoon, leav-ing butter in small pieces. Add 2¼

c. whole-wheat flour in several portions. This should make a very soft tions. This should make a very sort dough. Let rest 5 min. Pat the dough out as flat as possible on a buttered cookie sheet. Cover with waxed paper and finish smoothing out even-ly to the edges of the pan with roll-

ing pin. Remove paper, score into

bake till well done.

cracker-size squares. Prick each cracker with fork 10 or 12 times. Bake 15 or 20 min. in 350° oven. (For the rest of the year, 1½ t. baking powder may be added.)

HAND-PRESS CRACKERS 1 cube soft butter; 1 c. bran; ¼ yellow cornmeal; ¼ c. soya flour; c. whole-wheat flour: 3 T. brewer's c. whole-wheat nour; 3.1. brewers yeast; 3 heaping T. wheat germ; ½ c. sesame seeds; ½ t. salt. Cut all of the above into soft butter (not margarine). Moisten just till all sticks loosely together (about ½ c. cold water). Pressover alarge standard-size cock-ie sheet with palm of hand; should be this. Beine cit 250% to 325% for 30 min thin. Bake at 350° to 375° for 30 min., or until golden. Score before baking.

### APPLE PANCAKE

3 eggs; 3 T. flour; 1 T. sugar; ½ c. milk; 2 c. sliced apples; ¼ t. cinnamilk; 2 c. silced apples; % t. cinna-mon; 3 T. sugar; % c. butter or mar-garine; 2 T. lemon julce. Beat eggs, flour, 1 T. sugar and milk. Pour into a 10-in. oven-proof skillet that has been rubbed with butter. Arrange sliced apples on top of batter. Bake in a hot oven, 400°, for 15 min. Place pancake on a platter. Mix sugar and cinnamon together and sprinkle on pancake. Melt butter, add lemon juice and pour over pancake.

#### **BRAN PANCAKES**

thin, light pancakes. Serves about 8.

#### SWEDISH PANCAKES

Swedish Pancakes 3 eggs; 1½ c. milk; 1 c. whole-wheat pastry flour; ½ t. salt; oil for frying. Put all ingredients into a bowl and mix with hand beater until

diately so batter covers bottom diately so batter covers bottom completely. When pancake appears dry on top, turn over. Serve rolled or folded, spread with butter and maple syrup. Variations: Grate 1 large sweet apple into batter. Proceed as above but make small pancakes instead of pan size. Or make long oval pancakes, then spread them with strawberries, roll up and top with whipped cream. Or serve with orange sauce: ½ c. butter, ¾ c.

la. Place cream cheese and cottage cheese in mixer and beat for approxi mately 10 min (there may still be some mately 10 min (there may still be some tiny lumps). Cradually add sugar, beat-ing constantly. Add eggs 1 at a time, beating well after each addition. Add vanilla. Spread evenly on crumb crust. Bake in 350° oven for 35 to 40 min. **Topping:** 1% c. dairy sour cream; 3 T. granulated sugar; 1 T. vanilla. Combine sour cream, sugar and vanilla. Spread over cheesecake. Bake an additional 7 min. Chill several hours before serving. Best when made a day before you serve it.

#### CRISPY DATE BARS

CRISPY DATE BARS Crust: 1c. flour; % c. brown sugar, packed; % c. butter or mar-garine, softened. Combine and mix well until crumbly. Press into an ungreased 11-by-7-in. or 9-in. square pan. Bake at 375 ° 10 to 12 min. or until golden brown. Filling: 1 c. chopped dates; % c. sugar; % c. butter or margarine; 1 egg, well beaten; 2c. crisp rice cereal; 1 c. chopped nuts; 1 t. vanilla. In a medium sauceoan. combine dates. medium saucepan, combine dates, sugar and butter. Cook over medium at until mixture comes to a boil

Stone Kin So. tos

stirring constantly. Simmer 3 min Blend about ¼ c. hot mixture into beaten egg. Return to saucepan. Cook until mixture bubbles, stirring constantly. Remove from heat. Stir in rice cereal, nuts and vanilla Spread over baked crust and cool Frosting: 2 c. powdered sugar; ½ t. vanilla; 1 (3-oz.) pkg. cream cheese, softened. Combine ingre-dients and beat at low speed until

CORN BREAD

sugar, 6-oz. can orange-juice con-centrate; bring to a boil, stirring occa

OATMEAL-BRAN BREAKFAST BARS

2 c. rolled oats; 2 c. bran; 1 c. wheat germ; 1 c. flour (any kind); 1 c.

sesame seeds; 1 c. raisins (or dates sesame seeds; 1 c. raisins (or dates or apricots, chopped); 1 c. pow-dered milk; 1 c. oil; 1 to 2 c. honey (to taste); 2 T. vanilla; 6 eggs; grated rind of two oranges. Mix together with hands. Press into lightly oiled pan.

Sprinkle top with sesame seeds. Bake

at 325° 30-35 min. Note: These may be

Reagan can win the n off with Communist Party boss Uri Andropov The Vice President brought with

him an open letter from Mr. Reagan addressed to the people of Europe. In it the President offered to meet with Chairman Andropov "wher-ever and whenever he wants" in order to sign a treaty that would 'banish from the face of the earth all land-based American and Soviet medium-range missiles.

(This wording was chosen to relieve fears on the part of the Chinese and Japanese that the United States would make a deal with Mos-cow whereby the Soviet missiles would not be scrapped, but rather be relocated east of the Urals in Soviet Asia.)

Mr. Andropov rejected the offer almost immediately anyway, stating that it was just "the same zerooption" offer

### France's fears about Germany

France is the nation most deeply concerned about trends in Europe today. First of all the French see Western Europe slowly drifting under Soviet domination, with the protective shield of America even-tually withdrawn.

Second, Paris foresees the pos-sibility of a reunified Germany also sibility of a reunined Germany also under Soviet influence. The key to German reunification lies in Mos-cow's hands. What if the Soviets offer reunification in exchange for German neutrality? If fear No. 1 is a graup one to Paris fear No. 2 a Rusgrave one to Paris, fear No. 2, a Rus so-German rapproachment, is a

### INVENTORY ADDS FUNDS FOR COLLEGE IN BIG SANDY

BIG SANDY - The student body here raised more than \$7,000 by conducting an inventory in the Neiman-Marcus department stores in Dallas, Tex., Jan. 31 and Feb. 1. according to Ralph Lucia. student body president. Mr. Lucia said that 150 students participated the first day and about 190 students the

second day. The students have done inventories twice before at Neiman-Marcus. They inventoried at four store

locations including a boutique at the Fairmont Hotel in Dallas According to sophomore Kerri Miles, co-editor of the Ambassador Portfolio, the management of the stores would only allow Ambassador students to work at the boutique. Mr. Lucia said: "The

management at Neiman-Marcus was impressed with our work. Because of our performance last year and during the summer, they asked us to work

at the boutique." Inventories are some of the major fund raisers for the college, according to Mr. Lucia

The students also inventoried at the Sanger-Harris department store in Dallas Jan. 9. The money earned helps to fund student body activities, such as dances, field trips and other events.

NOVELTY OLYMPICS TAKES PLACE IN BIG SANDY BIG SANDY — Ambassador

students and staff took part in the annual Novelty Olympics in the college gymnasium Feb. 5

Three freshman teams, two sophomore teams and one staff team participated in a series of events. The staff team, led by Steve Sparks, a chef in Food Services, beat the student teams to claim the victory.

The events included an obstacle course representing the campus, a table-tennis ball push, a big-bag relay, a piggyback relay, the tug-of-love, The Price Is Wrong game show and a chariot race. The chariot race consisted of

a three-man team. One of the team members sat on a blanket while the other two pulled him around the gymnasium. The race was three laps around the gymnasium, with the three members alternating as rider and pullers.

According to Ralph Lucia, student body president, "That was an exhausting event." According to Mr. Lucia, the

last event was the mystery event, announced and explained just before it started. It was the balloon stomp. The team captains tied balloons to their ankles and then tried to stomp each other's balloons. The person with the last balloon won the event.

Mr. Lucia said, "Mr. Sparks personally won the event and headed his team for the victory.

## Seven Caribbean sites provide tropical Feast of Tabernacles

The following items about the Caribbean Feast sites were compiled by the International area of Ministerial Services.

#### Bahamas

In the Atlantic, east of Florida, there is a 70,000-square-mile area of shoals and banks where the warm waters are so clear you often can't tell whether the bottom is 6 feet down or 60.

These are the Bahama Banks and out of them rise more than 700 islands and islets covered with greenery and blossoms and fringed with inviting beaches. This is the Bahamas.

Bahamas. They are strewn in a northwest, southeast array along a 750-mile stretch from just off Florida to just off Haiti. Some of the islands are relatively large — Andros, Grand Bahama, Abaco, Eleuthera, Cat Island, for example.

Many are tiny enough to provide a romantic hideaway for newlyweds with a box lunch tucked into their boat for an all-day picnic away from the world.

The Bahamas are low-lying islands. Cat Island's Mount Alvernia, a shade more than 200 feet above sea, is the highest point in the nation.

Islanders enjoy an idyllic tropical climate. Temperatures — even in the most northern islands — seldom drop below 60 degrees Fahrenheit (15 degrees Celsius). Most of the rain comes during the summer. The sea around the islands normally ranges from the low 80 degrees Fahrenheit (upper 20s Celsius) in the summer to about 74 degrees Fahrenheit (23 degrees Celsius) in midwinter.

winter. The 1983 Feast of Tabernacles will be in the Balmoral Beach Hotel, Cable Beach, New Providence. The hotel is a 10-minute drive from Nassau's international airport and 15 minutes from the city of Nassau.

At the Balmoral Beach Hotel, two lighted all-weather tennis courts, volleyball, basketball, shuffleboard, water sports and freshwater pool, are on the premises.

The hotel also has its own private island, Balmoral Island, three beaches, a bar, changing facilities and water sports upon request. A championship 18-hole, par-72

A championship 18-hole, par-72 golf course is 1 mile away. Deep-sea fishing, sightseeing, bicycles, motorboats and motorbikes can be arranged through the hotel. The hotel has a dining room, coffee shop and bar.

Balmoral Beach Hotel: single \$57 a room per night, double \$60 a room per night. Iriple \$77 a room per night. There is a \$2.50-per-person, one-time charge for bell service. Up to two children under the age of 12 years free when sharing with an adult.

Emerald Beach Hotel: Two miles from the Balmoral Beach Hotel and under the same management. Persons staying at this facility can have access to all facilities at the Balmoral Beach Hotel. It has a restaurant, swimming pool and beach.

Single \$57 a room per night, double \$60 a room per night, triple \$77 a room per night. Extra person \$17 per night; children under 12 years free when sharing with an adult.

The above rates include room tax and gratuities. No meals are included. For those wishing to have meals at either the Balmoral Beach or Emerald Beach Hotel, cost will be \$25 a person per day for breakfast and dinner. Cable Beach Manor: Next door

Cable Beach Manor: Next door to Balmoral Beach Hotel. It has a pool and beach. All apartments have kitchens. It does not have a restaurant. Studio apartment, standard (two people), \$372.98 for eight nights; superior (two people), \$430.22 for eight nights. One bedroom apartments, standard (two people), \$473.15; superior (two people), \$561.87 for eight nights.

Two bedroom apartments (four people), standard \$672.53; superior (four people), \$794.64 for eight nights.

Children under 12 years are free when sharing the apartments with an adult. The cost for an extra person is \$111.76 for eight nights. All rates include tax and charges. Casuarinas Apartment Hotel is

about 1½ miles from the Balmoral Beach Hotel. It has a pool and a small beach. All apartments have kitchens and there is a dining room and a bar on the premises.

Studio apartments (two persons), standard \$372.98 for eight nights; \$42.62 for extra night. Studio apartments (two people), superior \$430.22 for eight nights, \$53.78 for extra night. One bedroom apartment (two people), \$561.87 for eight nights, \$702.30 for extra night. Two bedroom apartment (four persons), \$794.64 for eight nights, \$99.33 for extra

night. Additional person \$111.76 for eight nights, \$13.97 for extra night. Children under 12 years free when sharing with an adult. All rates

include tax and charges. The approximate cost for meals is from \$6 to \$8 a person for breakfast, \$7 to \$17 for lunch and \$10 to \$25

for dinner. All hotel and restaurants add a 15

percent gratuity to meal costs. The Bahamas Feast site arranges family activities for your enjoyment. All Feastgoers must book accommodation through the Bahamas Feast Office. Please do not contact these establishments yourself, but await your reply after completing the transfer request.

### Barbados

While Christopher Columbus was busy discovering other Caribbean islands, Barbados lay quietly in the sun, stranger to the fighting among Caribs, Europeans and Englishmen for possession.

But it was not long before this flat pear-shaped coral island, different in geography from its Caribbean neighbors, was caught up in the wave of settlement. After brief visits by passing Por-

tuguese captains, an off-course English ship came across *Los Barbados*, as the Portuguese called it, in 1625. The first settlers arrived in 1627

finding no one on the island since the Arawak and Carib Indians left about 100 years before. The island attracted English

people who were being persecuted at home as the crisis between Charles I and the Republicans, headed by Oliver Cromwell, brewed. So many of Cromwell's enemies arrived that the island's politics became distinctly Royalist. Later, thousands of Africans

were brought in as slaves to work in the production of sugar, which became the island's main source of income. Today the emphasis is on tourism.

Barbados' early history differs from that of other Caribbean islands because of its unbroken British rule. The Spanish, French and Caribs never fought the English on Barbados soil, which allowed parliamentary tradition and the rule of law to develop so that today the island boasts the third-oldest parliament in the world. It became independent in 1966.

Pastor General Herbert W. Armstrong visited Barbados early in 1968 and raised up the Church of God there Feb. 3. The Festival of Tabernacles was celebrated for the first time on the island later that year.

The 1983 Feast of Tabernacles will be the 16th to take place on this English-speaking island. The Feast will be at the Government Convention Center, Dover, Christ Church, within walking distance of the majority of apartments and hotels. Barbados offers its nationals and

visitors excellent beaches and sea bathing, with the convention center on the Dover Beach. There are fine restaurants in close proximity offering a variety of Bajan food (flying fish is a must) during the Feast

fish is a must) during the Feast. Hotel and apartment rates vary. Apartments made available to the Church for the convention offer the most reasonable rates.

Studio apartment, two persons, US \$25 to US\$35 a day. One bedroom apartment, two persons US\$30 to US\$35 a day. Two bedroom apartment, four persons, US\$35 to US\$40 a day.

Extra bed in one and two bedroom apartments will be at additional charge of US\$10 a night. Meals aren't included.

All apartments available have cooking facilities and the above rates are also subject to 8 percent government tax, and if there is maid service a 10 percent service charge will be added to your bill.

A fine dinner for two adults and two children at the average restaurant would be about US\$60. For those brethren wanting better apartment suites the rates are as follows: one bedroom, two people, US\$66 a day, and two bedroom, four people, US\$78 a day. These rates are subject to 10 percent service charge and 8 percent government tax. All meals are extra with restaurant facilities available on the premises.

#### Bermuda

A Spaniard named Juan de Bermudez is credited for discovering Bermuda. He visited there in 1503, but failed to claim the islands for his country.

It wasn't until 1609 that British Admiral Sir George Somers' flagship Sea Venture, on its way to relieve the infant and struggling colony of Virginia with desperately needed supplies, was wrecked upon Bermuda's reefs. It led to the British colonization in 1612. For more than 3½ centuries Ber-

For more than 31/2 centuries Ber-

### How to Apply

Spaces at some Caribbean sites are limited and so a transfer form *must be completed* in order to gain approval to transfer. 1. Evaluate your projected expenses and second tithe carefully.

and remember that prices probably will rise in the next seven months. Have a reasonable reserve for emergencies. If you can afford it, proceed to No. 2.

2. Request a Caribbean application form by writing to Ministerial Services, Attention Rod Matthews, 300 W. Green St., Pasadena, Calif., 91129. Phone: (213) 304-6140 or toll-free (800) 423-4444 (United States, except California, Alaska and Hawaii).

Please indicate which site you are applying for, so updated information, if available, can be enclosed with the form. It will be mailed to you by return mail.

 Obtain your pastor's approval signature on the completed form, and mail it directly by air mail, to the site coordinator of the site you wish to attend. Addresses will be given with form.

 Wait for a reply from that site office before making any further arrangements or commitments. You will receive a prompt reply, as fast as the mail allows.

5. The reply will include specific instructions on how to go about arranging housing. Please don't reserve housing until you receive these instructions from the site office. Housing at some sites must be placed through the church office. At other sites you will be put in contact with the appropriate party.

In most cases, those who apply immediately will have a definite response by the time local sign-up lists reach the church areas in May

WARM WATERS — Brethren planning to transfer to the above Englishspeaking Caribbean Feast sites must obtain and complete a Caribbean application form from Ministerial Services in Pasadena. Bermuda is 580 miles east of North Carolina in the United States. [Map by Ron Grove]

personnel

Festival services will be con-

muda has remained under the flag of Great Britain, and Bermudians are proud that their country is the oldest British colony, with the oldest legislative body, the Assembly, dating from 1620.

About 150 islands comprise Bermuda, 21 square miles in total. The seven largest islands are connected by bridges and causeways. It is this contiguous land formation that gives rise to the title, "the Island of Bermuda."

Only about 20 percent of the islands are inhabited. The largest is Great Bermuda, or the mainland. It is about 14 miles long and contains the capital city, Hamilton.

Though Bermuda is far north of tropical latitudes, mild and humid conditions prevail because of the Gulf Stream, which flows between Bermuda and the North American continent. This broad belt of warm water tempers the wintery winds that sweep across the Atlantic from west to north.

The average temperature for January is 62.6 degrees Fahrenheit (about 16.5 degrees Celsius) and for July, 78.4 percent Fahrenheit (about 25.5 degrees Celsius).

Rainfall averages about 58 inches (about 147 centimeters). Bermuda is dependent upon rainwater as its only source of freshwater. The water is collected from rooftops and stored in tanks

Activities include swimming, snorkeling, fishing, horseback riding, hiking, golfing, sailing and moped riding. Points of interest are Crystal Cave, which displays the beauties of stalactites and stalagmites. These natural caverns are among the most beautiful attractions of Bermuda.

> these people were brought by European settlers to work on plantations. Although originally established as

a Dutch colony, the British gained control until independence in 1966.

The average temperature in Guyana is 80 degrees Fahrenheit (26.5 degrees Celsius) with high rainfall year round. Along the coast, the average rainfall is from 80 to 100 inches (203 to 254 centimeters) and falls mainly from April to August and November to January.

This year's Feast will be at the Pegasus Hotel, in the capital Georgetown. About 120 brethren are expected. Activities will include a visit to an Amerindian village, a barbecue, dance, film show, children's party, talent show, sports and games.

Room rates vary from US\$20 to US\$85 for single rooms, or US\$30 to US\$95 for double rooms, including breakfast, at a variety of guest houses and hotels in the city.

Bachelors could stay at the YMCA for US\$3 a night without breakfast. It may also be possible for (See CARIBBEAN, page 11)

(Continued from page 7) some visitors to stay in members homes.

In addition to scheduled activities, trips can also be arranged to Kaieteur Falls and other locations in the interior. These trips require at least one full day, so visitors should plan to arrive earlier or stay on after the Feast. Some places of interest. up to 400 miles from Georgetown, are accessible only by light aircraft

### Jamaica

Jamaica is the third largest island in the Greater Antilles. It lies just 90 miles south of Cuba and miles (160 kilometers) west of Hispaniela. It's a mountainous island and its principal mountain range soars to more than 7,000 feet (2,100 meters).

About 150 miles long (240 kilo meters) by 50 miles (80 kilometers) wide, Jamaica has a climate in which the temperatures vary little except as one climbs the mountains (a degree Fahrenheit drop in tempera ture for every 300 feet (90 meters) of altitude). Daytime temperature at Feast time will vary from 85 to 90 degrees Fahrenheit (low 30s Cel-

#### The Jamaica Festival site is ideally suited for those looking for small, intimate group with a decided emphasis on family togetherness.

The Feast site this year is at the Ocho Rios Sheraton, which is in the town of Ocho Rios on Jamaica's north coast. Ocho Rios is famous for its crafts

market, beautiful beaches, a wide range of water sports, luxurious vegetation and proximity to the rain forest at Fern Gully, as well as to the Dunns River Falls, which you can climb — a must for all visitors.

One travelogue has described Ocho Rios as follows: "Ocho Rios hasn't grown much

beyond its fishing village origin, despite its deserved reputation as one of the Caribbean's leading holiday resorts. That is good news, for although high rise hotels and urban redevelopment have transformed the beach into a modern tropical paradise, the ambience still remains relaxed and the people warm and friendly. The hotels and villas are close enough to the town so walking about is possible, and the visitor has a chance to share in Jamaican small town life and meet some of the varied and fascinating people.

'For those who want to explore further, Ocho Rios is centrally located within the island, being half-

Monday, Feb. 21, 1983

PASADENA — Pastor General Herbert W. Armstrong approved this year's Summer Educational Program (SEP) at Big Sandy, according to Jeb Egbert, business administrator of Youth Opportunities United (YOU) Feb. 14. The program will take place from

12

July 6 to July 27 for the one three-week session. The cost will be the same as SEP at Orr. Minn., \$225.

"Big Sandy really has a fabulous program. At the Big Sandy camp activities are unique, not only to SEP, but summer camps in general," Mr. Egbert said.

Mr. Egbert mentioned the television production program, in which the campers produce a minitelevision news program.

"I strongly encourage those with previous camp experience to go to Big Sandy. It is a top-notch program," he said

said. SEP in Big Sandy had earlier been canceled because of budgetary cut-backs ("Updates," WN, Jan. 10). Potential campers who wish to apply for Big Sandy should call the Wide Area Telephone Service (WATS) number, 800-423-4444. These anpluing as hink school work. Those applying as high school work-ers should call the YOU Office at (213)304-6000, ext. 6138.

合 合 合

PASADENA — Beginning with the March issue, copies of *The Plain Truth* for Canada are printed by Lawson Graphics in Winnipeg, Man., according to Roger Lippross, production director of Publishing Services Feb. 15.

Lawson Graphics is an international company with plants in the United States and England. Mr. Lippross said: "Lawson Graphics' whole attitude is refreshing. They have a will-ingness to accommodate our needs."

Mr. Lippross said that printing in Canada cuts shipping costs. Maga-zines were being shipped from the United States. He said that the Van-couver, B.C., Office might be able to obtain a second class permit for mailing within Canada, further cutting expenses

Of the 515,000 Plain Truths printed in Canada, 50,000 are donated to the British Office, according to Mr. Lippross

### ☆ ☆ ☆

PASADENA - John Halford, a pastor-ranked minister serving in the Work's Media Services Department, was interviewed by telephone Feb. 15 on KTTV, a Los Angeles, Calif., tele-vision station that airs Pastor General Herbert W. Armstrong's World Tomorrow program. Alicia Sandoval, host of Open Line,

asked Mr. Halford about his March Plain Truth article, "The Lesson From Hitler's Mountain."

Over the telephone, Ms. Sandoval asked Mr. Halford if West Germany or Europe could again become fascist. Mr. Halford replied that, although the Germans want to forget the past. "The Plain Truth has been saying a united Europe is coming for more than 50 years." "The political situation in Germa

ny today could cause a strong power to take hold," Mr. Halford said." \* \* \*

PASADENA - The 1982 Diplo mat, the official yearbook of Imperial Schools and the Summer Educational Programs, will be finished in April according to Eric Larison, Imperia Schools journalism instructor Feb

Though the original date for completion was in February, production delays forced postponement until April, Mr. Larison said that the books should be delivered sometime in May to those who ordered them. Mr. Larison said that Publishing

Services here in Pasadena helped design the cover of the book. "We have had many favorable comments about the cover, even from the pub-lisher himself."

Mr. Larison said: "The Diplomat is the main project of the Imperial School journalism class. The kids are producing the vast majority of it by themselves.

This year's Diplomat costs \$17.50, including postage. It can be ordered from *The 1982 Diplomat*, c/o Imper-ial Schools, Box 385, Pasadena, Calif., 91102

### \* \* \*

PASADENA - Evangelist Joseph Tkach Sr., director of Ministeri-al Services, released the following ordinations

Tom Turk of Mexico City, Mexico, was raised to pastor rank Jan. 15 in Pasadena.

Local church elders ordained are Calvin DeVries of Des Moines, Iowa, Sept. 25; Donald Jackson of Lawton, Okla., Jan. 8; and Charles Sullivan of Luton, England, Jan. 8.

Roger Lippross, production director of Publishing Services here, wa ordained a local church elder in the Glendora, Calif., church Feb. 12.

Also ordained in Glendora Feb 12 was Michael P. Germano, former

vice president of academic affairs for Pasadena Ambassador College

hard in certain areas," he said. "In the coming months we're expecting a tremendous increase in postal rates, which will make *Plain Truth* distribution even more costly." Differences in finances, curren-

cies and local laws and regulations are but a few of the obstacles the Work faces in French-speaking

"We're now working to place more magazine advertisements," the evangelist continued. "We would also like to make more use of the PT cardholders [to obtain sub-scriptions to La Pure Verite]."

A key to growth and stability is a strong ministry. "We are blessed with zealous and hard-working men in the French-speaking ministry," Mr. Apartian said. "It isn't easy to be a minister in some of these area

the Work's Geneva, Switzerland, Office, treats the Editorial Services staff to cheeses and wine Feb. 4. He later provided the individuals attending the Feb. 7 to 17 Ministerial Refreshing Program with the same delicacies. [Photo by Nathan Faulkner]

French Africans remain faithful some speak English, Mr. Andrist

said African members face many dif-ficulties. In Rwanda, government employees are required to work on the Sabbath. Two brethren who held government jobs were fired because of conflict with the Sabbath.

Besides conflicts with the Sab bath, economic hardships are severe for the brethren in West Africa, according to Mr. Andrist. "For example, in Zaire one pair of shoes costs a month's salary." Food is also expensive. Meat is seldom fit to eat, even when affordable. When Mr.

Indian island. It lies 10 degrees north of the equator, off the northeast coast of South America, about seven miles (11 kilometers) from Venezuela. Tobago is a 116-square-mile area

and lies 20 miles (32 kilometers) northeast of Trinidad. The climate in Trinidad and Toba-

go is tropical, tempered by marine winds. The rainy season is from June to December. It is warm year around with the temperature averaging 80 degrees Fahrenheit (26.5 cegrees Celsius).

The Feast site (about 450 attending), Crown Point, Tobago, is in walk-ing distance from the Crown Point airport and most housing accommo dations. Transportation is not a prob-lem. Car rental is readily available.

The island offers sea bathing, diving, snorkeling with the attraction of the Buccoo Coral Reef, which can be seen in a glass-bottom boat.

The Church plans family activities revolving around the intimacies of a smaller Feast site.

Hotels and motels are equipped with restaurants and bars, swimming pools, ministores, souvenir shops,

(Continued from page 6) Lucia since 1961, has accounted for most of Martinique's growth, said Mr. Carbonnel. Mr. Apartian is widely known on both islands. Once in Guadeloupe, "Someone

told us he recognized Mr. Apartian by his voice," said Mr. Dubois. "The same in Martinique," echoed

Mr. Carbonnel. "In an airport some-one recognized Mr. Apartian and told him, 'I listen to you but do not

agree.'" Others say they cannot go a day without listening to the regional director's broadcast, yet cannot change their religion.

Someone told Mr. Carbonnel, "A day without hearing Dibar Apartian is like starting a day without coffee!'

Andrist visits these brethren he takes food and clothing to distribute to the members.

Two other ministers have visited the French-speaking members in West Africa. John Halford, a pas-tor-ranked minister in the Media Services Department in Pasadena, visited Cameroon in 1982.

Raymond Clore, a local church elder in Vancouver, B.C., lived in Cameroon from 1979-81 while working for the United States State Department. Mr. Andrist tries to visit the West African brethren about three times a year.

laundry and dry cleaning services. One in particular offers tennis courts, sauna and massage and a golf course (reduced fees for house guests) with all equipment necessary for play. Cuisine comprises European and

Caribbean dishes. Mount Irvine Bay Hotel: double
